## APRIL EDITION

Welcome to the latest edition of *Ideas and Insights*. View relevant articles and thought leadership to stay informed in the Financial Services industry.

### Hot topics

#### What does the next year look like?

KPMG examines the world's economic prospects for this year and next in the March 2023 Global Economic Outlook. Topline: Expect declining inflation and easing energy prices, along with a relatively tight labor market. But that's not all. [Get the full report with its actionable details.](#)

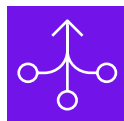

#### KPMG teams with sports stars to bring golf to the underserved

KPMG has teamed up with NBA star Stephen Curry and LPGA Tour player Mariah Stackhouse to support their UNDERATED Golf program, which advances equity, access and opportunity for marginalized youth in the sport of golf. The exciting program will include "KPMG Leadership Day" at the season-ending Curry Cup. [Read all about it.](#)

#### For truer forecasts, CFOs trust tech

The ongoing uncertainty in the U.S. economy makes accurate forecasting increasingly important. At a recent KPMG roundtable, a cross-industry group of Chief Financial Officers discussed how technology and talent strategies are helping them meet the challenges. See how they do it – and their near-term expectations – [right here.](#)

#### Managing CapEx in a downturn

How should you budget your capital expenditures when you don't know what's coming down the road? In this paper, KPMG offers a recipe for growth and a prescription for change. We answer questions on portfolio prioritization, cost control, investing in ESG with limited capital budgets, and [much more.](#)

### Tax Topics

#### What is Pillar Two doing to U.S. multinationals?

Recent progress toward agreement around Pillar Two rules is accelerating tax transformation activities in thousands of large organizations. It's all about data and technology. Read the latest edition of Chief Tax Officer *Insights* to see how CTOs are preparing for Pillar Two and managing new data demands.

### Webcasts and Podcasts

#### Game changer: New Oracle platform automates data analysis

Pulling actionable insights from mountains of data has been a struggle for finance teams. Now the Oracle Accounting Hub provides the solution. Leveraging key technologies, it centralizes your accounting rules, aligns data from disparate sources, and generates accurate, auditable journal entries automatically. [Earn one CPE credit as you learn how Oracle helped one company get better.](#)

#### "Catching up on Capitol Hill"

The latest episode in this popular podcast focuses on the Administration's FY2024 Green Book proposals. Even with a divided Congress, taxpayers should pay attention. Businesses too. [Listen here to stay up to date with the latest information.](#)
